October Review

We welcomed October with some exciting curriculum for the month. We started off with learning all about sports. We learned about all kinds of activities such as soccer, basketball, hockey, and football. We moved onto our fire safety week and learned all about what to do when there is a fire in the building at school or at home. We practiced putting out fires by using spray bottles and painted fire in the sensory bins. Next, we talked about community helpers and even met a firefighter, mailman, and police officer. After our community helper week we had a week of pumpkins and fall leaves activities set up for the season of fall. This month, we also welcomed some new friends, Leo, Sydney, and Everly.

November Weekly Curriculum

Reminders

- Please provide your child with a water bottle to keep in their cubby. This will provide them with easy access to water throughout the day.
- The cold weather is here, please provide your child with long sleeve shirts, long pants, thick socks, etc.
- If your child has artwork in their cubby, please bring it home when you pick them up.
